Hi aaron

Your account has been created

I grants you 500 MB of space disk storage. If you exceed this limit, you will be informed by e-mail, Regularize the situation quickly or I could block / delete your account.

The rules are no child porn nor racism ; Respects the rules or i could block / delete your account.

Your domain name is : <http://kdcko3ynnjw7jazv.onion/>

You can acces to your space storage via sftp with filezilla

You must socksify filezilla for use it with Tor

You can found a tutorial here :

<http://3vnjj7h6c6vw2yh5.onion/filezillaHostingSFTP.en.php>

(if you use the terminal you must use the sftp command rather that lftp because the latest versions of lftp is buggy)

filezilla settings :

generic proxy : socks 5

proxy host : 127.0.0.1

proxy port : 9050

site manager :

host : 3vnjj7h6c6vw2yh5.onion

port : 666

protocole : SFTP

Logon type : normal

user : [REDACTED]

password : [REDACTED]

you can also acces to your www path with ssh on port 666 across Tor,

You will then be connected to a limited shell and you can change

password with the command passwd

you will can also use a few commands on the server, if you need

specific command, you can ask me, if I do not find it dangerous, I could add it to the list of allowed commands

if you need some help or you found that something does not work email me

if you like my work and want to help me you can do a little donation in bitcoin :
